PROFESSIONAL
EXPERIENCE

Creative Frontend Workshop (MMS-IT) | Feb 2023 – May 2023

- Agile Teamwork: Functioned as a core Frontend Developer within a collaborative team to research, design, and execute project flows for educational platforms.
- State Management: Developed a feature-rich educational web application and a corresponding analytics dashboard using React.js and Redux to manage complex global states.

Frontend Developer (IT-Wizard) | 2023 – present

- Cross-Border Collaboration: Spearheaded frontend development for a subway project and multiple data dashboards by collaborating asynchronously with a Mongolian backend team.
- High-Impact Enterprise Solutions: Partnered with Vietnamese and Mongolian developers to build a comprehensive management system dashboard for Lotte, utilizing React.js, TypeScript, and React Query for optimized API state management.
- Full-Cycle App Development: Worked alongside UI/UX designers and senior engineers to develop a high-performance Hotel Booking mobile app using React Native.
- Admin Architecture: Designed and implemented a robust Manager Dashboard using TypeScript to provide real-time data visualization and management for the mobile application ecosystem.
- Technical Optimization: Leveraged React Query for efficient API handling, reducing boilerplate code and improving application response times across international network environments.

EDUCATION

MMS-IT | 2022-2023

Special Web Design

MMS-IT | 2023-2024

Web Application Development

Coursera | 2024-present

Full-stack Application Development
